Published by the Highgate Society

With poor design and data, Camden and Islington Councils' traffic proposals could increase traffic on many roads in Highgate, Dartmouth Park, Archway, Kentish Town and the surrounding areas

We believe that everyone should be given the chance to understand what is being proposed and have their say

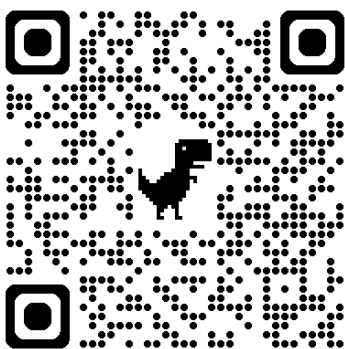

**And we will need
to respond urgently**

We need your support and, if you can, a donation. Transport consultants and potentially lawyers are expensive and could bring costs to over £50,000

Add your voice and be counted NOW

We want reduced congestion and pollution, not gridlock due to road closures that would shift the problem from one place to another
